The Superintendent will establish regulations governing the conduct of students in school, traveling to and from school, at school functions, or affecting the school order in the Student Handbook and Code of Conduct. In establishing these regulations, the Superintendent may consult with student or staff committees. In addition to compliance with regulations established by the Superintendent, students are expected to obey all rules and regulations adopted by the Governing Board and to obey any order given by a member of the faculty or staff relating to school activities.

A *student* shall be defined as any person who is enrolled in an educational program provided by or approved by the District and carried on in premises owned or controlled by the District. Students are expected to follow the Student Handbook and Code of Conduct, policies and regulations focusing on student conduct adopted by the Board. Students shall not engage in any activities prohibited herein, nor shall they refuse to obey any order given by a member of the faculty or staff who is attempting to maintain public order.

Any student who violates these policies and regulations may be subject to discipline up to expulsion, in addition to other civil and criminal prosecution. These punishments may be in addition to any customary discipline that the District presently dispenses.

Local law enforcement shall be notified by the Superintendent regarding any suspected crime against a person or property that is a serious offense as defined in [15-341](#), involves a deadly weapon or dangerous instrument or that could pose a threat of death or serious injury to employees, students or others on school property.
